OCTOBER 23RD MEETING DETAILS

TOUR INFORMATION

Atmus Filtration Technologies (formerly Cummins Filtration)

Atmus Filtration Technologies Inc. manufactures industrial filtration solutions. The Company offers products include fuel and lube, air, crankcase ventilation, hydraulic filters, and coolants filtration products for on-highway commercial and off-highway agriculture, construction, mining, and power generation vehicle.

Derived from the word 'atmosphere,' Atmus signals a clean, sustainable environment. It is well suited as the name of a global leader with a powerful purpose: 'Creating a better future by protecting what is important.'

Tours will be approximately 30 minutes long in small groups of 8. We ask that you sign up for an approximate arrival time in the registration so we will be able to get all the groups through.

STUDENT FUNDING REQUEST

University Faculty - Please be sure to share with your student groups!

Each fall WI-ASABE accepts funding requests from Wisconsin student ASABE organizations to help support conferences, technical sessions, tours or competitions that are related to the profession

This year's funding request information can be found on the section website or by this [link](#). Requests are due by Oct 16th (please ignore the posted due date on the online form). Please email your completed form to Danton Studer, the section treasurer, at dantonstuder@gmail.com

As part of the request application, we ask that each student organization prepare a short 5 minute presentation describing your org, a brief summary of your activities over the past year, a description of how past awarded funds were used and what the plans for the requested funds will be. A Powerpoint presentation is expected.

We ask that at least one member of your organization attend the fall meeting to present your presentation. If you are not able to attend, a pre-recorded video or live stream video call is acceptable. If you are not able to attend, please inform the treasurer at the time of your submission so that A/V accommodations can be made.

On April 25th the Wisconsin section of ASABE held its spring meeting at the Great Dane in Madison, WI. A presentation was given by Dr. Rose Daily, the sustainability coordinator for the city of Sun Prairie. She shared information about the city's goals to increase its renewable energy supply and some of the planned investments in solar and geothermal to accomplish the goal as the city continues to grow. The presentation was followed by the recognition of five students and members for their outstanding achievement.

Closing Balance: 10,467.93

The Wisconsin section of ASABE held a summer social event on July 18th with a tour of Vortex optics in Barneveld WI, followed by a dinner at the Ope Haus Pub. Vortex is a manufacturer of optics for hunting with the Barneveld location being their warehouse, distribution, and administration facility. A tour included a walk through of the office space, quality control, and warehouse, the facility also included a daycare and driving range. Members were able to ask questions and look through their products. Afterwards members were able to socialize over dinner and drinks at the Ope Haus Pub. There was great attendance from members across the state making the journey.

MIDWEST REGIONAL RALLY 2025

The University of Wisconsin – Madison student chapter of ASABE will be hosting the Midwest Regional Rally (MRR) in March 2025. The Wisconsin Section of ASABE is planning to hold our state section meeting in conjunction with MRR. Please watch for detail to come.

The Midwest Regional Rally is a three-day annual event hosted by rotating universities throughout the Midwest region. This is an opportunity for students from various schools to network with one another as well as local industry professionals, learn about job opportunities and explore graduate school options. Activities include attending industry tours, campus tours and social events. The student chapter has done a tremendous job on raising money for this event and are looking forward to putting on a great rally!

NON-MEMBER MAILING LIST

If you know of someone that may be interested in attending our Wisconsin section meetings but is not a national ASABE member or section member, we still would like to invite them.

Please have them join our new non-member mailing list! People on the list will receive our newsletters and allow them to register for our tours and meetings.
